

ULTRAFAST BROADBAND HERE'S HOW YOU GET IT

TRUESPEED

Truly better broadband.

FOUR STEPS TO TRULY BETTER BROADBAND

WHY SWITCH TO TRUESPEED

RELIABLE SERVICE

Our guaranteed speeds mean you can use multiple devices at the same time. No drop-outs, even at peak times. Just reliable broadband 24-7!

GREAT VALUE FOR MONEY

No averages here. You get guaranteed symmetrical upload & download speeds and always get what you pay for. Our network can deliver up to 10Gbps, so all your future online needs are already taken care of.

MULTI AWARD-WINNING

LOCAL SUPPORT

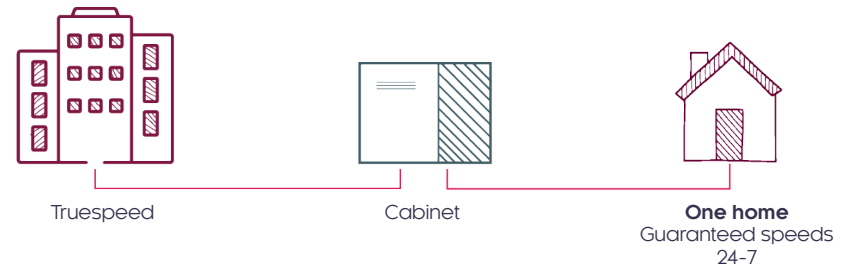

We're a local company based in the heart of Bath with in-house customer care teams. So whenever you call us, you know you'll be speaking with a friendly team that's right around the corner.

HOW WE GUARANTEE OUR SPEEDS

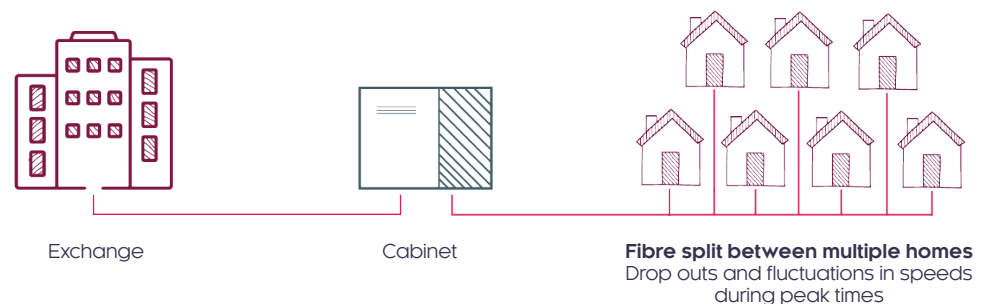

We build our own network. Every property, including yours, is connected to its own dedicated fibre line. Unlike other providers, we never split cables or use copper wires which causes congestion and unreliable speeds.

With Truespeed, you'll enjoy reliable, ultrafast guaranteed connectivity 24-7!
